

- According to the I'On Code, landscaping must be completed prior to occupancy of the home.

- Deposits will not be refunded until installation of the approved landscape design.

Note: Incomplete submittals will not be reviewed.

No fees are due with this application.

New Home Construction Landscape Plan Review Application

*** See application checklists for required submittal items. ***

New home construction landscape plans must be submitted for approval in conjunction with the Architectural plans by the Final Design Review.

One hardcopy of the complete application package must be submitted to the IDC office for IDC review. It is the homeowner's responsibility to gather, print & supply all requirements to complete the application & deliver it to the IDC office for review. Also, please email the complete application package in PDF format in one email for digital filing purposes only.

The IDC approves architectural aesthetics only. IDC approval is not permission to build. A building permit from the TOMP and approval in writing from the IDC are both needed to build/install/enclose any structure on your property.

Important IDC information.

- 1) IDC meetings are held the 1st and 3rd Tuesdays of the month unless otherwise noted.
- 2) The IDC has 30 days, from the date that a complete application was submitted, to notify you of their decision.
- 3) IDC approval is valid for 6 months. If an approved project is not started within 6 months from approval date, the approval expires. If an application is reviewed but not approved with additional items requested to be submitted and those items are not submitted within 6 months, the application expires.
- 4) Once an application or an approval expires, a new application and fees must be submitted to move forward with the proposed project.
- 5) Approved projects must be completed within 12 months from the initial approval date.
