

In recognition of Earth Day, I'On Eco Group launched its first household hazardous waste collection by volunteers in several neighborhoods around I'On. The waste was taken to the Bee's Ferry Landfill (<https://www.charlestoncounty.org/departments/environmental-management/landfill-garbage.php>). These collections will happen in different parts of I'On throughout the year. If you want to volunteer to collect in your immediate neighborhood, please contact Carol Degnen, 614806-9669, cdegnen@gmail.com.

Many people discard hazardous household waste with their usual trash, not realizing that it goes into landfills where it's absorbed into the ground, polluting our air, and contaminating our water supply. We're working to keep this from happening! I'On Eco Group volunteers will contact you when a collection is happening in your neighborhood, and then you simply leave your items on your front porch for collection.

Household Hazardous Waste Pickup List

Household Cleaners & Polishes

Kitchen and bathroom cleaners, glass cleaners, bleach, ammonia, drain openers, oven cleaners, rug and upholstery cleaners, and silver, copper and chrome polishes.

Pesticides & Repellents

Weed killers, insecticides, fungicides, slug bait, rose dust, mothballs, flea powder, insect and tick repellents, rodent baits, wood preservatives, lawn fertilizer and pesticide combination products.

Batteries

Household batteries, car batteries, battery acid, and NiCad batteries.

Paints & Solvents

Water-base (latex) or oil-base paint, paint thinner, rust remover, turpentine, and furniture stripper.
