

Free Residential Food Scraps Composting Available

Residents in the Charleston County's Mount Pleasant region can recycle food scraps for free at participating drop sites. The food scraps are delivered to the Bees Ferry Compost Facility to be recycled into compost. Watch this quick [30-second video](#) to learn how it works! Sign up is required.

The benefits of food composting. Composting reduces waste and recycles organic materials into a valuable soil amendment, protects the climate by reducing methane emissions from landfills, recovers nutrients in organic materials and provides an opportunity to keep them local, and creates green jobs.
